About US:

We are a dedicated and committed team consisting of highly experienced academicians and corporate leaders who are experts in their domain. With a vast and rich experience of more than 2 decades in the field of Training, Academic Tutoring, Placement, Recruitment, Staffing and HR consulting.

Having trained thousands of employees of various corporate houses, universities, colleges and polytechnics across India and Middle east in the field of **Soft skills, Life skills, Employability skills, MDPs, Outbound Training, Language training - spoken English and Hindi courses**, etc, we are poised to cater to our ever-growing clientele.

We have the distinction of having trained and placed more than 3500 University graduates and post graduate fresher's across sectors and geographies.

Our team capabilities includes:

Training: We are a bridge between the corporate world and the learners community. Our Soft skills, Life Skills, Employability skills, MDPs and Language trainings are designed to overcome the communication barrier for entering and sustaining the toughest of competition in the corporate and Business world. We cater to a cross section of working professionals, aspiring house wives and vernacular medium educated job seekers.

Our Soft skills, Life Skills, Employability skills and MDP training are well aligned to meet the expectations of **the** goals and ambitions. These programs are presented through audio visual aids, inbound and outbound activities, case studies, role plays and are less of lecture and more of activities driven, so that participants are actively engaged and the concepts are cleared in an efficient manner.

Academic Tutoring: We have a pool of excellent tutors who help students achieve their full potential in academics by providing valuable tips to the student community through their experience in teaching. Our tutor constantly interact with the parents and counsel them on how their ward is doing in their studies. They conduct mock tests and assist them in scoring high marks and make them understand the concepts with easy methodology.
